

Erratum, Vol. 8, no. 5, 1995

An article by K. O'Donnell and L. E. Gray (8:709-716) entitled "Phylogenetic relationships of the soybean sudden death syndrome pathogen *Fusarium solani* f. sp. *phaseoli* inferred from rDNA sequence data and PCR primers for its identification" contains an error. The ribosomal DNA sequences for *Pisum sativum* and *Phaseolus vulgaris* are reversed as originally reported. The GenBank sequences for the garden pea (ITS = L36635, 28S = L36636) and French bean (ITS = 36637, 28S = L36638) are now correct.
