Note: The submitter whose location is chosen needs to be a current member of the APS-Caribbean Division (APS-CD). He or she is of the understanding that hosting a meeting such year involves someone from that location (and a current APS-CD member) becoming Vice-President of the APS-CD and attending the prior year's meeting (i.e. 2015 in Mexico City) as Vice-President. Once the Business Meeting is over, such individual will be handed over the Presidency by the Current Host and President of the APS-CD.
