

APS Job Board

1. Click the **"Register"** button and select **"Job Seeker"** to start creating your profile.
[<https://jobs.apsnet.org/>]

2. Create your free account by following the registration steps.

The screenshot shows the APS Job Board registration page. The URL in the browser is https://jobs.apsnet.org/register-seeker. The page has a navigation bar with links for Membership, Meetings, Publications, and Education. Below this is a secondary navigation bar with links for Home, Search, Directory, Contact Us, Pricing, Register (with a dropdown menu showing Job Seekers and Employers), Sign In, and Post a Job. The main content area is titled "Create Your FREE Account" and is divided into two columns. The left column contains three sections: 1. Your Information (with fields for First Name, Last Name, Email Address, and Password), 2. Setup Your Job Alert (recommended) (with fields for Keywords or Job Title and City, state or zip), and 3. Upload Your Resume (recommended) (with a file upload button and checkboxes for sending a resume critique and allowing employers to search for your resume). The right column contains a section titled "Already Registered?" with a "Sign in here" link and a "Sign In" button, and a section titled "Why Create an Account?" with three bullet points: "Be noticed by more employers and notified of more positions that meet your needs.", "Track the jobs you've applied to and save jobs you are interested in", and "Be easily found by employers or not. Your information is only shared with your explicit consent." At the bottom of the left column, there is a checkbox for "I'm not a robot" and a reCAPTCHA logo.

3. To make your resume searchable by employers, check the box for **"Allow employers to search for my resume."** If you would like a free resume critique, check the box for **"Send me my free professional resume critique by TopResume."**

3. Upload Your Resume (recommended)
