Session 3

Leadership Institute

Our Unique Role in APS
Today’s Session

- Identify the unique role of your volunteer group within the APS Volunteer Structure.
- Staying connected to the strategic plan.
- Prioritizing Action
"Perhaps the only unperishable characteristic at the base of all effective leadership is character. It is the human connection between the leaders, the led, and the organization."

Six Competencies Exemplary Leaders Share

- Create a sense of common purpose - vision
- Engage and Motivate Others
- Build an adaptive and agile social structure
- Generate and sustain trust (culture of candor)
- Develop Leaders
- Get results / outcomes

- Warren Bennis
The Key competitive advantages
(of a not-for-profit, purpose-driven, voluntary organization:

✓ the aggregate intellectual capital of their membership
✓ their energy as communities with common purpose
✓ their credibility as voluntary institutions
✓ their ability to have impact for an entire profession or industry

- The Will to Govern Well, Tecker, Frankel, Meyer, Foundation of the ASAE
More than 1300+ APS members volunteer to:

- Run the society’s strategic governance
- Effect public policy
- Develop content
- Review manuscripts
- Conduct outreach activities
- Organize networking and development activities
What Will Earn Engagement From Volunteers?

- Working on the things that matter to them.
- Demonstrating the work is making a positive difference.
- Providing an enjoyable opportunity for involvement.
Role of Committees* in Voluntary Organizations

- **Thought Force** – a group with unique knowledge, experience, and/or perspective brought together to make recommendations on strategic directions or new policies, products or services.

- **Work Force** – a group with unique knowledge, experience, and/or perspective brought together to deliver a specific product or service that is aligned with the strategic goals of the organization.

* Committees include all volunteer engagement groups
APS Volunteer / Member Groups

- Focus for leadership in subject matter, content development, program execution, and policy.
- Crucial role in keeping APS a vibrant organization, connected to its grassroots.
- Help APS achieve strategic goals on behalf of plant pathology.
- Support members in achieving their professional goals.
The Distinguishing Value Proposition of the 21st Century Organization

Commitment:
Consistent and organized focus on important things of high value that require coherent effort over time.

Content:
Knowledge – insight that enables me to be successful at things that really matter to me.
Advocacy – effective clout that influences the beliefs and behaviors of others that affect things that are significant to me;

Community:
Enjoyable shared experience that makes me feel better about myself and my place in the world. Learning cohorts, social activities, groups with a common focus or purpose, participation in events. . .

New APS Volunteer Structure

**External Impact**
Volunteer groups who have a unique focus on audiences outside of APS.

**Internal Impact**
Volunteer groups who have a unique focus on APS members in general by delivering content or are essential to the structure of APS.

**Individual / Career Pathways**
Volunteer groups who have a unique focus on supporting the career pathway or unique professional setting of individual plant scientists.

**Subject Matter Expertise**
Volunteer groups with unique expertise in a specific subject area of interest to groups of members.

**Task Forces**
Volunteer groups who have been assembled for a defined period of time with a specific purpose.

**Divisions**
Members organized by geographic proximity.

Reflection / Discussion

- What is your group’s *unique* role within APS?
- How does your group add to the APS member experience?
- Who should we partner or collaborate with?
APS Core Purpose
Advancing the science of plant pathology
APS Core Values

- We are curious which drives our passion for science.
- We are a diverse group of people and professions; we value everyone's engagement, and we celebrate achievement.
- Sustainability is a foundation that brings us together.
- We share knowledge.
- We value relevant, high impact and quality science.
APS Vision Statement

Healthy plants assure a sustainable future.
Strategic Goals

- **Goal A**: Advancement in plant health science are accelerated through professional collaboration and data sharing.
- **Goal B**: A growing workforce has the skills necessary to ensure sustainable plant health.
- **Goal C**: Our science impacts decisions leading to a sustainable future
Goal A: Advancements in plant health science are accelerated through professional collaboration and data sharing.

Discussion

- Which goal(s) is our group positioned to most effectively support?

- Are our activities aligned with the goals and objectives identified in the APS strategic plan?
Discussion with your committee

1. Identify the current conditions in our subject area.
2. Identify the trends or changes in the high impact current conditions.
3. Make some assumptions about the future of those trends (what is likely to occur in the future)

Which have the most significant impact on our subject area?

Based upon this discussion, is there content that does not exist today that will provide value to our members?
Step 4 - Identify the dynamics causing the change to happening.

Once we understand why we can determine how to impact the driver of change with programs, services, critical content or advocacy priorities.
A Framework for discussions with your volunteer group.

- What is our specific charge (task we are asked to accomplish on behalf of APS)?
- Which APS goal/objective are we helping to achieve?
- Who are the key stakeholders impacted by our work?
- What are the key trends impacting our subject area?
- Is there content / material that will be critical for our members based upon those trends?
- Is there specific expertise we have which could help APS impact those trends?
- What outcomes are we committed to accomplishing on behalf of the stakeholders we serve?
- What are the necessary steps we must take to deliver that success and when? How will we make that happen?

The Leadership Balancing Act

- Balancing the **aspirational** and the **actionable**

- Pursuing a **compelling vision of the future** while providing **relevant value today** consistent with that vision
Unique Challenges to Effective Engagement in Voluntary Organizations

- Episodic engagement
- Accountability
- Time, input, outcome expectations
- Outcome or reward expectations.
Unique leadership challenge

In a setting focused on collaboration with colleagues, where we value everyone’s ideas (and all ideas are essentially good ideas), how do we focus on those actions that will delivery high-impact outcomes (and not upset those invested in ideas that will diffuse attention and resources by doing too much)?
These Unique Challenges Require Us to:

- **Listen**
  - Input / brainstorm

- **Prioritize**
  - Activities that deliver high impact and help APS achieve the strategic goals

- **Act**
  - Focus on High Impact and urgent actions

- **Evaluate**
  - Measure progress toward outcomes
Prioritizing based upon Impact and Urgency

- **Impact** - the capacity to deliver significant and scalable change to many.

- **Urgency** – there is an immediate need, opportunity, or action is a first step to additional opportunities.

After a brainstorming discussion, discuss the following:

Which ideas have the capacity to deliver the most significant impact? (identify a few or rank)

Which ideas are the most urgent? (Identify as Short term, medium term, longer term)
The leadership uses a variety of sources to measure progress toward the goals:

- Indicators of progress toward the goals (metrics).
- Reputation and image.
- Satisfactory movement toward objectives.
- Staff and Committee reports on accomplishment of strategies (activities).
Discussion

- What are the implications of implementing this method of prioritizing?
- Questions / comments / observations?
Identifying your Next Leader

- Recognize the qualities a person possesses that allow them to step into the role. *Not step-up but step-in.*

- Observe who:
  - Understands our common sense of purpose or vision?
  - Engages and motivates others
  - Understands and Reinforces an adaptive and agile structure?
  - Gains the trust of others through self-awareness and candor?
  - Positions others to lead when appropriate?
  - Gets results?
**Key Structures**

- Membership
- Governance
- Program
- Workforce
- Financial
- Technology

**Key Processes**

- Input, Research, Data, & Analytics
- Strategy
- Policy
- Resource Allocation
- Engagement

**Culture:**

- Assumptions
- Beliefs
- Values
- Behavior

- Do your structures allow your processes to work effectively and efficiently to deliver high value outcomes?
- Is your culture an accelerator or barrier?
- What needs to change and how?
